WORKPLACE CHARGING

BENEFITS OF WORKPLACE CHARGING

- Convenient Access to Charging
- Demonstrates Your Workplace Sustainability Goals
- Extends Your Daily Driving Range
- Alleviates Range Anxiety

DRIVE WITH RANGE CONFIDENCE

HOW EMPLOYEES CAN MAKE A DIFFERENCE

- If you own an electric vehicle, or EV, or are considering buying one, WORKPLACE CHARGING can be a POSITIVE benefit for you and the environment.
- Workplace Charging is a convenient way to charge vehicles. It adds equity to communities for long commutes or for those without charging access at home.
- Employees are the best advocates for Workplace Charging. EMPOWER your workplace by making your interest in clean electric vehicles with your employer,

WHY IS IMPLEMENTING ELECTRIC VEHICLE CHARGING A GOOD THING?

- EV charging **brings customers** to your workplace. It also supports the **local economy** by attracting EV drivers to shop in areas with charging.
- Supporting zero-emission electric vehicles supports a **cleaner environment and better health** for the community at large.
- There is a **personal benefit** to having EV charging infrastructure located at your workplace for EV Drivers and air quality for all.

HOW TO TALK TO YOUR EMPLOYER ABOUT WORKPLACE CHARGING

- EMPOWER your words by contacting your **Clean Cities Coalition** and asking about workplace charging before talking to your employer.
 - **Clean Cities programs want to help YOU** find the best way to present this information to your employer for optimal results.
- **Gauge your employer's interest** by asking questions and making your personal interest in this resource known.
- Send them to **WorkplaceCharging.com** to find more information.
