What sets BSI apart from the competition?

- Our People
- Industry knowledge and expertise
- Alternative Fuels Experience
- Parts Distribution and Capability

CORE CAPABILITIES

Our technology experts and business professionals educate, advise, and implement solutions in the areas of:

- Vehicle Sales
- Maintenance and Repair Solutions
- Alternative Fuel Solutions

Vehicle Sales

Our industry professionals focus on educating customers on the right vehicle types for their particular application to help enhance the performance of their business or fleet. By utilizing over 38 years of vehicles sales knowledge we can help educate you on what vehicle best fits your needs. Our vehicles include:

- Wheelchair Accessible Shuttle Buses
- Wheelchair Accessible Vans
- Low Floor Shuttle Buses
- Personalized Wheelchair Accessible Vans
- Executive Transportation Buses
- Childcare Buses and Vans
- Electric, CNG, LPG powered Buses and Vans

Maintenance and Repair Solutions

We started our company based on solid service to the customer in 1979 and nothing has changed. Bus

has changed. Bus Service, Inc operates two locations with more than 10,000 square foot and an average employment history of 18 years.

Alternative Fuel Solutions

Alternative fuels for vehicle applications are becoming one of the best practices for fleets and organizations looking to save money and help clean up the environment. If your organization is interested in expanding or developing their vehicles into alternative energy, BSI can help you in the following areas:

- Electric, CNG, LPG Bus and Van Sales
- Vehicle Conversion Upfitting / LPG
- Education on available grants
- Fueling/Charging Solutions
- Cost/Benefit Analyses
- Infrastructure Advise Services
